MOTIONS FORM COMMITTEE

1 The Yearly YB auction passed at previous AGM That the money to subsidise the cost of the presentation tickets to a minimum cost of 10 euro the balance to go to the running of the yearly presentation.

Sub committee should run the auction.

2 The ISRF committee wishes to offer the members of the federation the best Yearly race program at the cheapest cost to its members. At present the ISRF has 11 open races and 19 weekly races. The committee wishes the membership to adopt the following approach.

Due to the continuing reduction in the membership of the ISRF over the last 10 years and with the projected further reduction in membership over the next 5 to 7 year to be between 150 to 200 members.

This will have a serious effect on the income into the federation and also the weekly bridge. If the membership continues to fall by more than 10 members in any one year the committee intent to introduce a restructure of the finances and the race programs going forward by mainly cutting the yearly expenditure where possible starting in 2026.

3 Cameras for transporter

4 All clubs must fix all broken crates in their clubs each week . There will be a fine of 50 euro if crates are not fixed. No broken crates are to be brought to the weekly pick up points unless agreed with the transporter manger before hand .

5 In order to reduce the work load on club secretaries and give the general membership more input in the Yearly race program the committee is proposing the following.

For clubs AGM 2026 and into the future they must put a race program together for the coming season the program to be sent to the Irish South Road Federation Secretary on or before the 14 th of February this to be a on going rule for clubs every year.

MOTIONS FROM CLUBS 2025

DONNYCARNEY

In addition to the allowance of 50 birds for racing that members be allowed to send trainers on the ISRF transporter in the 2026 season. This would enable the Fed to generate income for the good of all Fed members
